Six individuals came forward to address the MSFA board.

1. Jerry Kyser, United Veterans Legislative Council: Mr. Kyser reported that the veteran-owned business certification process has finally been changed with the state, which will have significant positive impacts for veteran-owned businesses on future projects.
2. Ann Laughlin, MN Citizens Concerned for the Protection of Migratory Birds: Ms. Laughlin listed the past statements that have been made by the MSFA with respect to the bird-safe glass issue and requested concrete information about what a testing protocol and film solution would look like.
3. Elise Morton, MN Citizens Concerned for the Protection of Migratory Birds: Ms. Morton expressed concern about the lack of concrete plans for a film solution and commented on the dead birds resulting from the skyway system.
4. Wendy Haan, MN Citizens Concerned for the Protection of Migratory Birds: Ms. Haan also expressed concern over the lack of concrete plans for the film solution after 9 months.
5. Jerry Bahls, Minneapolis Chapter of Audubon Society: Mr. Bahls pointed out that with the fall migration period, it will be important to plan to monitor dead birds during this time.
6. Becky Hanson, MN Citizens Concerned for the Protection of Migratory Birds: Ms. Hanson read a folk poem and sang a song highlighting the important of ethical treatment of animals.

At this time, Chair Kelm-Helgen stated that the State Audubon Society has been working with 3M on the test protocol. Details will not be known until the product is completed.
